

Griddle Toasters

Imagine having the flexibility to be able to prepare a wide range of foods - from steaks, eggs, bacon and hamburgers and simultaneously produce a variety of toasted food - on a single machine! The new Roband Griddle Toasters lead the market in Functionality and Performance. Smartly designed and cleverly engineered Roband's new range of Griddle Toasters features two separate elements which allows for the independent operation of the cooking plate and toaster.

FEATURES

- 8mm thick steel plate for superior heat retention
- Compacted elements and improved clamping for faster recovery and improved reliability
- Independent operation of toasting and plate cooking functions for maximum versatility
- Independent operation left or right side of Griddle & Toaster only on GT700 model
- Thermostat control on plate cooking elements for rapid response and recovery
- Integrated Grease Box
- Removable Crumb Tray for easy cleaning
- Wire Rack with Bun Stop and Rack Stop prevents food from falling
- Durable stainless steel construction with stylish brushed finish
- Full size Gastronorm pan (25mm depth) fits inside the toasting area of the GT700

SPECIFICATIONS

MODEL	POWER Watts	CURRENT Amps	PHASE	DIMENSIONS w x d x h (mm)	COOKING SURFACE w x d (mm)	MAX. FOOD CLEARANCE (mm)
GT400	3160	13	1	425 [^] x 500 x 375	400 x 400	70
GT700*	6200	26	1, 2 or 3 (+N)	725 [^] x 530 x 375	700 x 400	67

*Installation must be carried out by a licensed electrician. For this reason, the GT700 model does not come with a plug and cord. The decision on connection options should be made under consultation with your electrician. Can be wired for Single Phase, 2 phase + n or 3 phase + n. We recommend using more than 1 phase for this machine as multiple phases will help evenly balance load and will reduce stress on product components.
[^]Dimensions include grease box.
