

**ATLAS shelving, by FSM** features a true powder-epoxy over zinc-chromate electro-plating that ensures a strong durable finish.

**ATLAS** shelving comes with a Three Year WARRANTY against rust and corrosion. **Ideal for dry storage, coolers & freezers.**

The open wire truss reinforced shelves feature front to back welded surface ribs for added strength. This increases light penetration, free air circulation and merchandise visibility. Easily adjustable and expandable to change with your needs. Shelves adjust on 25 mm (1") increments. Capacity: 200 kg.

Starter unit consists of 4 posts, 4 shelves and plastic shelf clips in the height and shelf size indicated. Select from 4 shelf or 5 shelf units. Add on unit consists of 2 posts, 4 shelves, plastic shelf clips and two "S" hooks for each shelf. Model numbers for Add-on units are as per the list below but prefixed "A".

100 mm diameter casters (two with and two without brakes) are available to convert to mobile units.
