### Supercool Chilling Case

The Supercool chilling function is ideal for storing meat, fish or other perishable food without freezing it. This provides the convenience of food ready to cook without the need to defrost it.

### Large Capacity

The French Door design delivers a wide internal space of 760mm, perfect for large platters and ensuring maximum storage capacity.

### Automatic Ice Maker

A continuous supply of ice cubes is produced by the automatic ice maker without the need for a plumbing connection. The removable water tank can be easily filled with tap water.

### Vegetable Drawer

Two big vegetable drawers to store fruit and vegetables. A full-width tray at the top is ideal for storage and organisation of smaller and delicate items such as punnets of fruits.

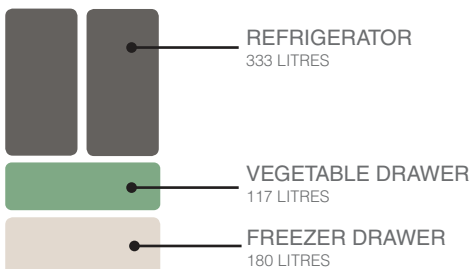

### Glass Door Finish

Toughened glass front panels present a luxurious, striking finish and are easy to keep clean.
